

## **Neighborhood Watch Report 2018 Annual Meeting**

The good news is that our perennial problem of daylight break-ins has declined. They're down throughout Durham City and County.

We maintain a strong relationship with the Durham Police Department through the neighborhood's involvement with District 3 Partners Against Crime. All patrol officers have been given a 24/7 code to the Falconbridge Clubhouse so they can use it for bathroom breaks, Wi-Fi access, or whatever. (Falconbridge is at the southernmost end of District 3.)

The main goal of Neighborhood Watch remains unchanged. The most effective way to prevent crime is for neighbors to watch out for each other and to call 911, the non-emergency number (919-560-4935) or their NW block captain when they notice anything that strikes them as unusual and arouses their suspicions.
